## FINITURE MATERIA / MATERIA FINISHES

Il FENIX NTM è un materiale innovativo creato per l'interior design, adatto ad applicazioni sia verticali che orizzontali. La parte esteriore di FENIX NTM è ottenuta con l'aiusilio di nanotecnologie ed è caratterizzata da una superficie trattata con resine acriliche di nuova generazione, indurite e fissate attraverso il processo Electron Beam Curing. Il lato interno è placcato con laminato in finitura opaca.

Ante bordate ABS abbinare a Top bordato unicolor.

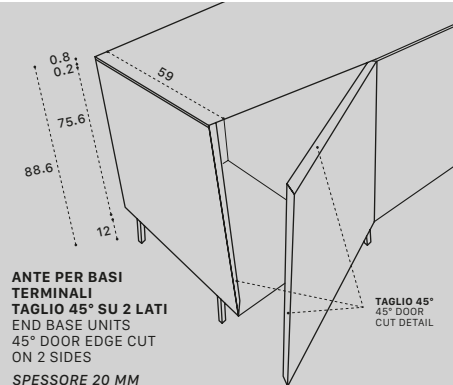

*FENIX NTM is an innovative interior design product suitable for both vertical and horizontal use. The external surface of FENIX NTM involves the use of nanotechnology and it is characterized by next generation acrylic resins, hardened and fixed with Electron Beam Curing process. The interior side is coated with a laminate matt material.*

*ABS edge on doors - unicolor edge on worktop.*
